ABOUT THE CONFERENCE

This five-day SPARC Conference brings together researchers, faculty, students, and practitioners to explore Fair and Explainable AI for graph data mining, with special emphasis on explainability, responsible AI, and network science. The plan combines foundational lectures, advanced technical sessions, tutorials, panel discussions, lightning talks, and open research dialogue.

THE CONFERENCE WILL PROVIDE IN-DEPTH EXPOSURE TO:

- Network science and evolving network models
- Fair graph machine learning and structural inequalities in networks
- Explainable, trustworthy, and responsible AI
- Graph neural networks, embeddings, and advanced graph learning
- Fairness-aware PageRank and community detection
- Applications of fair graph ML, tutorials, and open discussions

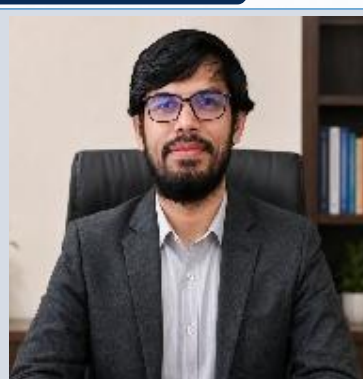

Course Instructors

Prof. Mykola Pechenizkiy
Eindhoven University of Technology, Netherlands

Prof. Akarti Saxena
University of Leiden, Netherlands

Prof. Gaurav Dixit

Call for Paper Submissions

Theme: Fairness, Explainability, Responsible AI, and Network Science

Paper Development Workshop:

We invite original research contributions, extended abstracts, posters, demonstrations, and case studies relevant to:

- Computational Approaches for Fair and Explainable AI
- Fairness and Explainability in Graph Neural Networks
- Ethical, Responsible, and Trustworthy AI
- Behavioral Aspects of Explainable AI
- Evaluation and Benchmarking of Fair and Explainable AI
- Applications of Fair and Explainable AI

Important Dates for Paper Development Workshop

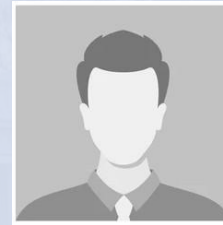

- ❑ Paper Submission Deadline - Nov. 1, 2026
- ❑ Paper Decision Notification - Dec. 1, 2026*
- ❑ Registration Deadline for Paper Development Workshop - Dec. 15, 2026

Check the Website for More Information: [Click Here](#)

*Participation in the conference can be for the 25-Hour Short-Term Certificate Course only, the paper development Workshop only, or both.
